This Week

Marked Down
Sale Continued.

Hemmed Sheets, Hemmed Pillow
and Bolster Cases.

We have decided to continue the sale of Hemmed Pillow Cases, Bolster Cases and Sheets at the marked down prices of last week. You buy these Hemmed Sheets, Pillow and Bolster Cases for less than the material in them sells for. For instance, we charge 25 cents a yard for the best 10-4 Bleached Utica Sheet, and the sheets being cut 2 1/2 long, makes the material cost 69 cents, and for the sheets already hemmed and 2 1/2 long, less the hem, we charge at this marked down sale,

ONLY 65 CENTS.

All other sizes and qualities proportionately cheap. They are going fast, and if you want to replenish your stock of bed linens it would be well to call early.

Huck Towels, Damask Towels,
and Turkish Bath Towels.

We intend making this sale still more attractive this week by marking down our entire stock of Huck, Damask and Turkish Bath Towels, and placing them on sale Monday morning at . . . MARKED DOWN PRICES on our Cheap Counters. No better or larger stock of good Towels anywhere. Hotels, boarding houses and private families can save money by attending this marked down sale this week.

POWERFUL SERMON PREACHED

On Thursday Night by Rev. Williams, President of Franklin College—Rev. H. H. Westwood Opens Yesterday's Programme with a Discourse on "Christian Life"—The Children's Meetings are Becoming More Popular Every Day—Sunday's Services will be Very Attractive. Personal and Notes.

The Thursday night's services at the Moundsville camp ground were opened with prayer by Rev. W. A. Denton, followed by a selection from the choir, "Christ in All."

Rev. W. A. Williams, formerly pastor of the Presbyterian church of Moundsville, and president of Franklin College, New Athens, O., preached a most excellent sermon from the words—"Ye shall seek Me, and shall find Me when ye search for Me with all your heart."

God sent His son to the world to live a sinless life and to drink the bitter cup of death that we might live. There is not a sinner here to-night but that the Holy Spirit has followed all his life, and urged him to turn to God and live. How shall he find God? The text says ye shall find Me when ye seek after Me with your whole heart. You cannot search for Him with half a heart, but the whole heart.

First—Some seek after Him, reserving some precious sin, they cannot give up. We can give up one sin and try to compromise with God. We must give up every conscious sin. We must come to God's terms or we will never be saved.

Second—Some make a reservation of duty. There is some cross they are not willing to bear. Some are not willing to pray in public, or to speak for Christ in public, but they can never be saved until they are willing to discharge every duty that may present itself.

Third—Some will make a reservation of time. They promise to become a Christian, but the time is always in the future. Better to have one now than all the promises for the future.

Yesterday morning's service was held as usual by Rev. F. N. Lynch. His remarks were founded on the words, "The spirit of Elijah doth rest on Elisha." This was one of Brother Lynch's very best talks. The point made was that whenever a worker falls another takes his place. The workman may die but the work goes on. As Elisha received a double portion of Elijah's spirit, so may we receive enough of Christ's spirit by the asking, to enable us to do our work well. A prayer and consecration service was held at the close.

The 11 o'clock sermon was preached by Rev. H. H. Westwood, of the Eastern Ohio conference, from the words, "He that hath the son hath life; and he that hath not the son of God hath not life."

His theme was "Christian Life." What is Christian life? It is the union of the soul with Christ. It is the actual reception and possession of the son of God in the heart. When this takes place there is union between God and man. Christ must abide, must live in the heart. We must not only have Christ, but He will have us.

We must strive actively to keep hold of Christ and positively permit Him to keep hold of us. If we fail to keep our hand in God's hand, we will find that in the trying hour we will fall, but if we hold on to Him by faith we will find that when the trial comes He will take us up. The great mistake of to-day is that the standard of Christianity is set too low. I, e. many think it is not necessary to have Christ in the heart. The good, the noble, those that do good will surely be saved, but the text says we must have Christ in the heart, and nothing less will save a man. Except a man be born again, he cannot see the kingdom of heaven. The sermon was well received by all who heard it.

The children's meeting was held at 2 o'clock sharp. Mrs. Calvert continued her scripture lessons, and at the close a prayer and praise service was held. Rev. Denton pronounced the benediction. The children are greatly in love with these meetings and they eagerly flock to the temple every day, at the ringing of the bell. They are learning many useful lessons.

The young people's meeting met promptly at 4:30 p. m. and was conducted by Rev. D. A. Denton, pastor of Chapline Street church, Wheeling. The temple was well filled and the lesson was a very interesting and profitable one. The conductor took as a lesson the Christian's Grace, and from them drew many valuable thoughts.

Miss Ella, daughter of F. W. Bowers, esp., of Wheeling, was visiting Miss Laura Crago yesterday.

If the weather is good on Sunday, there will be the largest crowd of the meeting present. Arrangements are being made so that a 25-cent ticket will admit the purchaser during the day. This will apply to the many who come in the morning and wish to go home to dinner and supper.

Dr. Hamilton has not arrived yet, but is expected to-night or in the early morning.

The Women's Camp Meeting Association held another meeting yesterday, and the time was spent in arranging for effecting the work. They seem determined to do their share in paying off the debt of the association, and they will no doubt, do their part, as the sisters always do. In the report of the former meeting, the name of Mrs. G. W. Grimes was unintentionally omitted as corresponding secretary. She was elected to this responsible position, and all who wish to send their check for \$100 more or less, can direct to her and she will promptly acknowledge the receipt of the sum.

Rev. Compton, of New York, preached last night to one of the largest audiences of the meeting since Sunday.

Quite a number of new ministers are expected to-day.

Colored Camp Meeting.

The Union camp meeting being held at Whiteman's grove, Boggs' run, closes on Sunday night. The camp meeting is under the auspices of the colored Baptist churches of Bridgeport and Wheeling. Revs. Peary, of Trenton, Ohio, and Harper, of Parkersburg, W. Va., will preach during the day.

"FOR three years I suffered from St. Vitus' dance. It covered my hands to such an extent that I could not wash them. Two bottles of Burdock Blood Bitters cured me." Libbie Young, Popes Mills, St. Lawrence county, N. Y.

IMPRESSIVE SERVICES

At the Laying of the Corner Stone of the Cathedral Parish School.

On to-morrow a ceremony unique in the educational history of the city will take place. It will be the blessing and laying of the corner stone of a new school. The Catholic church recognizing that there is another and sublimer knowledge than that derived from merely secular education, from the start desires to give God's benediction and God's approval to all her efforts for the training of her youth. Hence it is that what would otherwise be a simple mechanical act the laying of the corner stone of a new school—is elevated to one of spiritual significance. Her representatives will gather to-morrow to pronounce her blessing on the inception of this new evidence of her zeal for the souls of those young ones entrusted to her.

All the societies of the city and surrounding districts are invited and will be present on the occasion.

They will be followed by the altar boys' sodality and with the clergy of the city and neighboring towns closing the procession, will march around the ground of the new building, and promptly at 4:30 o'clock Archbishop Kain will bless the corner stone according to the ritual of the Catholic church, which will then be placed in position. The Most Rev. Archbishop, before the blessing and Dr. Wingerter after it, will address the assembly, and the benediction of the blessed sacrament in the cathedral will close the ceremony.

In the corner stone will be placed coins of different denominations, copies of the local papers, together with a parchment containing the names of the officiating clergy, the present notables of the land and in particular of the city of Wheeling.

The following is the inscription to be placed in the stone:

In the year of our redemption 1896, 120th of the establishment of the United States, 18th of the Pontificate of His Holiness Leo XIII, 9th day before the kalender of September. The Right Reverend Patrick James Donohue, being bishop of the church of Wheeling.

This corner stone having been blessed according to the ritual by the archbishop of St. Louis, Most Rev. John Joseph Kain, has been laid in order that living stones, the boys of our parish, may be built over the Living Stone into a spiritual temple, and made acceptable to God through Jesus Christ—St. Peter, 1st Epistle, chapter 2, verse 5.

The order of the procession will be as follows:

HOSPITAL CARS.

It is Possible that One will be Put on Each Division of the E. & O. Road.

Baltimore & Ohio officials are considering the advisability of adding to their already fine equipment a hospital car. Each division of the road will have one as soon as the question is settled by those having the matter under consideration. The plant system, which operates in the state of Florida, has had a number of these cars in operation for some time, and they have proved a decided success. The car already in operation has three compartments, at one end is the ward, at the other the operating room and in the middle a consulting room. The car in itself is a complete modern hospital, and will prove a boon to those suffering from railroad accidents. In operating a system of hospital cars the railroad will be divided into sections of 200 miles and a car assigned to each section. The permanent station will be in the middle of each section, and thus 100 miles in either direction will be controlled. It is estimated that when the system has become complete and far-reaching that at least one-half of the danger and suffering from improper care and attendance in railroad wrecks and collisions will be done away with, and also the payment of thousands of dollars in the way of damages will be saved the railroad companies.
